# PORTABLE DUST COLLECTOR

Unevac Portable dust collectors are compact, movable devices designed to capture and filter dust right at the source, especially in workshops, job sites, or small-scale industrial setups.

## SPECIAL FEATURES:

- ✓ **Versatility:** Easily used for multiple tools and locations without needing fixed ductwork.
- ✓ **External Bag:** External dust collection bag can be fixed to increase its capacity for collecting dust & debris.
- ✓ **Convenience:** Easy to move and set up quickly for different jobs or work areas.
- ✓ **Cost-Effective:** Lower initial cost and installation expenses compared to centralized dust collection systems.
- ✓ **Space Saving:** Ideal for small workshops, construction sites, or remote jobs where space is limited.
- ✓ **Versatile** dust collector with manual shaker & reverse pulse jet options
